

**Cody Griffin, DO**, was born and raised in Ada, OK. He graduated from East Central University and continued his education at the Oklahoma State University College of Osteopathic Medicine in Tulsa, OK, where he earned his Doctor of Osteopathic Medicine degree in 2016.

After graduation, Dr. Griffin then went on to complete an orthopedic surgery residency at St. Anthony's Hospital in Oklahoma City. He then performed a fellowship in spine surgery at the Texas Back Institute in Plano, Texas.

After completing his fellowship, Dr. Griffin returned to Oklahoma City and is currently a spine surgeon at St. Anthony's Hospital in Oklahoma City and Midwest City.

When Dr. Griffin is not in the operating room, he enjoys spending time with his family, golfing, and hanging outdoors.
